1- INTRODUCTION

The services include, General Engineering & Construction, EPC, Turnkey solutions in construction industry, Maintenance Services, E&I and communications, infrastructure, support facilities, technical manpower and fabrication Services etc.

With four decades of experience, Saudik Contracting Company has positioned to be the leading contracting and Services Company operating in Kingdom of Saudi Arabia.

Saudik Contracting Company. was formed by merging M. A. Al Nojaidi Est two decades ago, and offers a comprehensive range of services in diversified and multidisciplinary construction projects and technical services across Oil and Gas, Chemical and Petrochemicals, Metals and Minerals, Power and Water, and other industrial segments.

The services include, General Engineering & Construction, EPC, Turnkey solutions in construction industry, Maintenance Services, E&I and communications, infrastructure, support facilities, technical manpower and fabrication Services etc.

Our well-developed vendor network along with techno-commercial enables support in the Kingdom and abroad is our strength being able to timely and within budget service delivery while maintaining the highest occupational health and safety and ISO 9001:2015 standards.

Saudik is registered and prequalified with most of the reputed organizations within the Kingdom such as Saudi Aramco, Saudi Electric Company, SABIC, SATORP, SWCC, MARAFIQ, AREVA, MADEN, BCNC and many more.

Our Vendor Registration Numbers:-

- Saudi Aramco : 10027551
- Saudi Electricity Company: 32752
- SABIC: 502219
- MARAFIQ: 2249
- SATORP (SAUDI ARAMCO TOTAL): 12131
- Al-Khafji Joint Operations: 847S02003
- ABB : 10875
- SIEMENS: 50098646

Company Information

- Name: SAUDIK Contracting Company
- Address: PO Box: 6609, Dammam 31452, K.S.A
- Tel: 013-842 2442, 811 2383
- Mob: +966 552604733
- Fax: 03-811-6816.
- E-mail: info@saudi-k.com
- Company Registration: 2050041696.
- Paid Up Capital: SR. 3,000,000.00

2- CHAIRMAN'S MESSAGE

As a leading construction company in Saudi Arabia and since its naissance in 1979, Saudik Contracting has always been a key contributor to Kingdom of Saudi Arabia's construction sector Especially Saudi Aramco.

It proudly associates itself with prestigious and landmark projects in Kingdom of Saudi Arabia.

We are committed to having a good partnership, transparency and reliability with our clients rather than Client-Contractor relationship.

Our clients are fully aware that we have the skills, resources and expertise, and most importantly, the ability to complete their projects to the highest standards on time. Health, Safety, Quality and the Environment are among the most important concerns of our company and we follow strict safety regimes as well as quality procedures and strives to continuously improve its performance.

We at SAUDIK CONTRACTING COMPANY take pride in our achievements which we attribute to the dedication of our staff, whose exceptional skills and expertise are the key value of our company's success.

Thanks to our loyal team of workers & professionals, we have succeeded in proving that we can deliver on our promises, we can rise to the challenge and excel in our performance to the satisfaction of our clients. It has been a very challenging journey from the start of our company in 1979 until today. Having started as a small business, we are now one among the top construction companies.

Our major challenge today is to sustain the growth we generated till date. We are proud of our past and we have an active present and we look forward to a promising future.

Chairman
Majed Mohammad Al Rashed

3- VALUES, MISSION AND VISION

Values

Integrity and Fairness
 Provide quality materials, products and services
 Understand and deliver on customers' needs
 Create safe and healthy working environment
 Continuous learning and process improvement
 Promote Teamwork and reward employees on performance
 Create safe and healthy working environment

Mission

To achieve success by providing the most cost effective and technically viable solutions to our clients while using well developed human capital and state of the art technologies.

Vision

To meet and exceed the client expectations by delivering within budget, on time project while maintaining the highest level of quality and safety.

4- QUALITY CONTROL AND QUALITY ASSURANCE

The Quality Philosophy of Saudik

- Maintaining highest standards and quality output is the Management policy in first place.
- The management emphasizes the principle that, every individual is responsible in the organization for the quality of the work that he or she performs is essential to achieve our goal of providing highest quality service to all our valuable clients.
- Saudik has been successfully improving its services Quality levels in past four decades and continuously improving the Quality procedures as per ISO 9001:2015 standards to meet the expectations of clients.

The Quality Objectives of Saudik

- Saudik Quality Control Department (Q.C.D) operates with developed detailed QCD–Manual.
- The Manual describes the overall general quality requirements and the principles for implementation and accomplishment.
- Quality Control Department continuously updates QCD -Manual to meet the standards of various types of projects and clients.
- QCD develops project and Site Specific QA/QC and Project Quality plan (PQP), Manuals and programs, and client approval is obtained prior to the mobilization.
- The QCD assures these programs are implemented and strictly adhered to in their entirety and followed to build into product or activity, procurement and verified by means of review, inspection, testing, improves and audit time to time.
- All departments qualified QC professionals and Q.C. Inspectors are managed under the umbrella of QC Department during all critical phases of the Projects to assure the performances are meeting applicable specifications and standards of clients.
- **Saudik** has fully qualified and certified field staffs like TUV, CWI, Nebosh, SGI,GRP/FRP pipes jointer, Cable splicer's, Fiber Optic specialists, OSHA Scaffolding/supervisors & inspectors, Various equipment's operators, almost all type of certified welding staffs, Various Work permit and safety certified professional's etc.
- All certificates are regularly updated and arranges for higher trainings in terms of different departments to meet the services needs time to time.
- **Saudik** field measuring/testing equipment's & tools are regularly calibrated certified and the vehicles are monitored with AVL systems and all heavy & light vehicles, Heavy equipment's are periodically inspected, recorded, audited by the QCD departments.

The Quality Assurance:

- The Quality Assurance System is administrated through written policy, procedures, and instructions by QCD. Written instruction is provided to cover work, inspection, and test instructions for individual products and services.
- Quality Records are generated through the implementation of the Quality Assurance System, to provide objective evidence of compliance and to measure the effectiveness of the system.
- Qualified Independent Third Party Agencies are invited as and when required to accomplish the quality tests and assurances.

SAFETY STATEMENT

The management of SAUDIK Contracting Company is committed to the protection of human resources and physical assets involved in its all ongoing operations and business activities, against human distress and financial loss resulting from accidental occurrences. In fulfilling this commitment the management shall provide and maintain a safe and hygienic working environment and protect the workers, material and equipment against foreseeable hazards associated with its operations.

In its day to day activities all functions of the management will comply with the well-defined loss prevention program of the company, which is compiled in line with the Saudi Aramco Construction Safety Manual, Saudi Arabian Government rules and regulations, relevant industry safety standards and procedures as well as manufacturer's instruction and procedures.

If any employee finds any significant hazard he will have the authority to stop work and inform the management. Sub-Contractors will not be allowed on site to carry out work until the safety is checked and is satisfied according to the Safety procedures & Manuals.

The Management's safety policy emphasizes the propagation and practice of knowledge enhancement, skill development, positive attitude and total involvement of its employees of all levels in this control programmed.

Healthy, Safety & Environment

Health & Safety Environment (HSE)

- HSE is given Higher Priority by Saudik Management, and the Management is fully convinced that for achieving the world-class HSE standards, the leadership and the commitment from all the members of the organization is vital.
- Our goal is to have zero fatalities and no incidents that harm people or create an unsafe environment. Each employee is mandated to understand and adapt to the organizational safety culture and to put into practice the individual safety responsibilities.
- The HSE Policy enunciated by the management emphasis on Health, Safety and Environment through structured effort and well defined HSE organization.

Safety Management, Loss Prevention & Trainings

- Saudik Contracting Company recognizes the need to conduct and execute its on-site operation free from accidents, injuries, hazards, loss and damage to personnel or property of SAUDIK itself, its' clients and directly or indirectly involved third parties.
- Considerable resources, in terms of qualified personnel, required funds, time, etc. are allocated to the Safety Program.
- On each project, regular "Tool Box Meetings" are conducted by the concerned safety officer/s.
- Each project has a Dedicated Safety Officer who is responsible for recognizing and eliminating all dangerous and hazardous conditions.
- Corporate Safety and Loss Prevention Manager coordinates and directs the safety program through his staff and regular field inspections of the working conditions, PPE (Personal Protective Equipment), tools and equipment.
- Saudik Contracting Company ensures all its personnel including, major facilities, equipment, equipment operators and technicians-welders, cable splicers etc. are certified.
- These certifications are regularly updated and concerned personnel are put through training and then certified.
- HSE Department conducts several in house trainings, presentations and meetings to all categories of staffs periodically

Personnel Development

- **Saudik Contracting Company** recognizes that a well-trained, professionals and experienced staff is critical for any professional company's sustenance and growth. Hence, SAUDIK has developed a personnel development policy.
- All existing certifications are kept current by renewals and / or training and recertification of the employees as a policy matter.
- Top performing employees are selected based on the annual appraisals in their respective fields of expertise. The selected employees are sent for professional training programs and certified in their respective fields- if applicable.
- In order to retain this skilled workforce, a professional and conducive environment is provided at work and various activities are carried out at our camps including intercompany sports programs.

Saudization Policy

- **Saudik Contracting Company** is totally committed to Saudization Policy and aims to remain well above the Saudi Government's minimum requirement.
- Saudik participates in training of Saudi students from school and colleges during the summer holidays.
- Saudik Contracting Company also participates in financing of the training courses and programs conducted by Chamber of Commerce.
- Our objective remains to hire and train Saudi citizens in technical fields as engineers, electricians, safety officers, equipment operators, etc.

The People Capability Maturity Model

- Saudik Contracting Company is capable of performing Short Form Contracts (SFC), Mid Form Contracts (MFC), And Long Form Contracts (LFC) and Unit Rate Contracts.
- EPC (Engineering, Procurement & Construction): Saudik Contracting Company has tie-ups when required, and has a well-developed network with reputed; Saudi Aramco approved Independent Design and Engineering Companies and Organizations.
- Testing & Commissioning: Saudik Contracting Company has a vast array of calibrated testing instruments and equipment like Digital Voltmeter (DVM's), meggar's, earth testers, DFT gauges, hydro-test pumps and manifolds, and Various Instruments calibration & Testing meters, Etc.
- Certified personnel including, but not limited to WPR, OHSAs, cable splicers, welders, fabricators, equipment operators, sand-blasters and painters augment our resources, etc.
- In addition Saudik's maintain the instruments, and inspection team certified and updated and had well-developed network of reputed independent inspection and testing labs and companies.
- Saudik Contracting Company enjoys support of various Saudi and foreign banks for the purposes of project financing, other facilities like L/C's for importing of materials and equipment etc.

8- Services: Civil Works

- **Construction of buildings (Industrial & Commercial)**
- **Industrial Buildings**
- **Civil Structures**
- **Small & Medium Buildings (LSTK)**
- **Concrete Duct Banks**
- **Foundations**
- **Concrete Repairs**
- **Combined capability of each Division allows us to execute effectively:**
- **Total Plants on a turn-key basis**
- **Expansion of Industrial Units**
- **Up-gradation of Technology**
- **De-bottlenecking projects**
- **Maintenance Contracts**
- **Construction of buildings (Industrial & Commercial)**
- **Indoor type Substations on a LSTK**
- **Outdoor type substations on a LSTK basis**
- **Pre-engineered building with complete utilities such as:**
 - HVAC
 - Fire protection/fire alarm systems
 - Sprinkler systems
 - Furnishings
- **Industrial Buildings with utilities such as:**
 - Oil / Water separation Plant
 - Compressed Air
 - Sewerage Treatment Plants
 - GOSP (Gas Oil Separation Plant)
- **Electrical Substations:**
 - Substation Building complete with all utilities like outdoor substation yard
 - Transformers foundations, Cable trenches, Dyke walls, Duct banks, Fire walls, Cable basement, and Fencing works.
- **Architectural:**
 - Gypsum board partitions, ceiling, handrails, raised floors, claddings, ramps, hollow metal doors, security doors, sliding doors.
- **Finishing's:**
 - Painting, floor finishing, epoxy coatings, self-level flooring, and ceramic wall & floor tiles. carpet tiles.

Space frame for Saudi Aramco Station #4

Hadeed flat product facilities

Sabic Gas Jubail GIS Substation

HVAC units serving Low Voltage switchgear building (Saudi Aramco)

Hospital at Jizan –(MOH) Ministry of health

8- Services: Civil Works

Trenching Division:

Saudik Contracting Company intended to serve the oil and gas, water and telecommunications industries. The company specializes in hard rock, dirt and sand trenching for oil and gas field pipelines, infrastructure foundations, sewer and water trenches, dry utility trenches and telecommunication lines, providing clients with suitable trench profiles while reducing the export and import of materials and increasing safety.

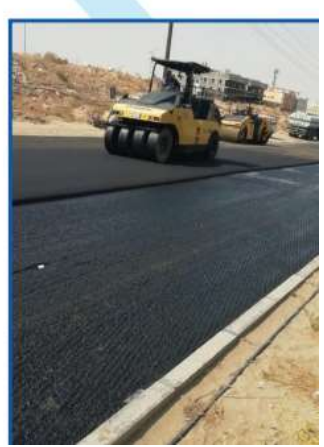

Saudik is equipped with trenchers / construction equipment used to dig trenches, especially for laying pipes or electrical, telecommunication cables, sewer & water trenches as required.

Trenchers come in different sizes and may use different digging implements depending on the required width and depth of trench and the hardness of surface to be cut, accordingly Saudik is equipped with

1. Wheel trencher
2. Chain trencher
3. Micro trencher
4. Portable trencher
5. Excavators & etc..

9- Services: Electrical Works

- Electrical Substations (13.8kV to 230kV)
- MCC's, Switch Boards & Panels
- Transformer & Switchgear Erection & Maintenance
- Generator sets, Emergency Power, DC System, Solar & Renewable energy System, Battery storage system, and UPS.
- Cable Trays and Cable Laying (Under and above ground).
- Marine Cable Testing and Termination
- Cathodic Protections (Impressed Current and Sacrificial Anode System)
- Industrial electrification
- Electronic weigh bridges for bulk weighing
- Bus Ducts
- Industrial Plant illumination
- Cable duct banks
- Cable Trays and Cable Ladders
- Structural Fabrication
- H.V. Cable Testing and Terminations
- M C C panel installation, testing and commissioning.
- H.V. Switch Boards and Panels
- Bus Ducts
- Marine Cable Testing and Termination

Supply, Installation and Testing of:

Generator Sets
Emergency Power
Solar & Renewable Energy
UPS, Battery storage
AC and DC distribution panels

Lighting – Indoor and outdoor, Includes:

Industrial Plant illumination
Fence lighting
Flood lighting
Security lighting

Cathodic Protection (impressed current and sacrificial anode system)

Sub-station yard equipment installation for SCECO-South

Sub-station yard equipment installation for SCECO-South

LV switchgear serving Expec computer center (S. Aramco)

Installation of 133 & 70 MVA transformers

10- Services: Mechanical Works

- **Fabrication, Erection, and Modification of Carbon Steel, Stainless Steel & alloy piping networks for:** Water Lines
Sewer Lines Fuel Lines Hydrocarbon Lines Air Lines
- **Structural Fabrication and Installations**
- **Pre-engineered buildings with complete utilities, including HVAC, Fire Protection / Suppression**
- **Industrial Buildings with utilities such as Oil/Water Separation Systems, Compressed Air and Breathable Air Systems**
- **Gas Metering Stations**
- **Industrial Painting**
- **Space Frames Erection**
- **Erection of Industrial Plant and Machinery**
- **Specialty Construction and Installations**
- **Maintenance and shutdown activities consisting of:**
 - Piping Modification
 - Valves replacement
 - Repair and Modification of Stationary Equipment
 - Design & Construct Turbine Supervisory Instruments (TSI) System
 - Design and Installation or Upgrade of Vibration monitoring for rotating machines
- **Fabrication, Erection and Modification of:**
 - Light, Medium and Heavy Steel Structures including crane girders
- **Fabrication and Erection of:**
 - Ducts
 - Chutes
 - Hoppers / Silos
- **Erection of Equipment such as:**
 - Overhead cranes Weigh-bridges
 - Vessels
 - Storage Tanks
 - Silos
 - Miscellaneous Stationary Equipment

10- Services: Mechanical Works

Welding Technology:

- Arc welding
- Submerge-welding
- CO2 welding
- Gas shield welding
- (Semi)Auto welding
- Uphill/Downhill welding
- Welding for narrow space

- Installation of pressure pipeline/vessel, long-distance pipeline, water injection facilities, and steam injection facilities, etc. under any kind of condition/area, such as flammable, explosive, high temperature, low temperature, high pressure and extreme cold conditions, and desert, swamp, river/lake, hill & mountain areas.
- NDT inspection including x-ray, γ -ray ultrasonic, magnetic, penetration, and auto x-ray crawler used for pipe internal inspection.

Fire Protection:

- Sprinkler Systems
- Wet Gas Systems
- FM-200
- CO2 Systems
- Fire Alarm Systems
(Addressable & Conventional)

Electric Arc Furnace

Turbine Body surface works for TSI

Sabik Gas Jubail GIS Substation

11- Services: Industrial Instrumentation Works

➤ Industrial Instrumentation
Chemical Plant
Water Desalination Plant
Sewage Plant
Cement Plant

➤ Electronic Instruments
PLC
DCS
BMS

EPC for Turbine Supervisory Instruments (TSI) System, or up-gradation / Revamping Projects.

Design and Install or Upgrade Vibration monitoring for rotating machines Industrial processing field instrumentation and commissioning Communications Support:

Workstations and Data manager Installation and Commissioning Data cables Laying & Terminations

Fiber Optic Cable Laying & Terminations

➤ We are offering our services to:

Petrochemical plants
Water Desalination Plant
Sewage Plant
Cement Plant
Petrochemical plants
Oil refineries
Steel mills
Power & desalination plants
Miscellaneous other industries

12- List of Projects

SAUDI-K CONTRACTING COMPANY LTD							Till Dec, 2025			
<u>List of On-going Completed Projects</u>										
CONTRACT NO.	CONTRACT TITLE	LOCATION	CLIENT	START DATE	COMPLETION DATE	STATUS	NATURE OF WORK			
							Civil	Elect.	Mech.	I & C
PO # 230639989970	Construction of MOH Hospital In Alardha	Jizan	MOH	Aug, 23	Aug, 24	Ongoing				
	Renovation of MOH Children Hospital	Jizan	NOH	Aug, 23	Oct,23	Ongoing

APPRECIATION LETTER TO
SAUDI-K CONTRACTING CO. LTD.

To: Mr. Inam U. Khan
Managing Director
SAUDI-K CONTRACTING CO. LTD.

Dear Mr. Inam,

On behalf of Basic Chemical Industries Ltd., Dammam, I would like to extend my sincere appreciation to your company, SAUDI-K CONTRACTING CO. LTD. for a job well done during the construction of "our Project 60 MTPD Chlorine & Caustic Soda Concentration Plant".

The SAUDI-K personnel extra efforts and hard work were important for Chemicals Industries to achieve its objectives in respect of time, safety and cost. The effective completion of this Project was well appreciated by our Management team.

I also would like to express my sincere thanks for your employees for their efforts and hard work which they exerted throughout the construction period of the Project.

Finally, we encourage all SAUDI-K employees to continue their excellent interest in representing SAUDI-K the way they did during this Project.

**APPRECIATION LETTER FOR
SAUDIK CONTRACTING CO. LTD.**

**Inam Khan
Managing Director
SAUDIK CONTRACTING CO. LTD.**

On behalf of Dhahran Utilities Department, I would like to extend my sincere appreciation to your company, SAUDIK CONTRACTING Co. Ltd. for a job well done during the construction of the Golf Course Lighting project.

The SAUDIK personnel extra effort and hard work has helped Dhahran Utilities Department achieve its objective for this project in terms of time, safety and cost. The effective completion of this project was very well appreciated by Saudi Aramco Management.

I also would like to express my thanks and gratitude for your employee Mr. Michael Chappell for his effort and hard work which he exerted throughout the construction of this project. As an example of his extra effort, we recently received a letter from Saudi Aramco Industrial Security stating that Michael had helped prevent a theft when he reported a person trying to steal electric cable from the Golf Light project.

Michael's sense of responsibility and attitude toward work is very well appreciated by Dhahran Utilities. Please let Michael know that we think very highly of him and we wish him continuous success.

Finally, we encourage all SAUDIK employees to continue their excellent interest in representing SAUDIK the way they did during this project which was very well appreciated by Saudi Aramco Management.

SAUDI ARABIAN OIL COMPANY (SAUDI ARAMCO)

January 25, 2003

YOUR SAUDI ARAMCO VENDOR
REGISTRATION NUMBER: 10027551

**SAUDIK CONTRACTING CO.
P.O.BOX.6609
DAMMAM 31452
SAUDI ARABIA**

Dear Sir:

Thank you for your interest in performing work under contract to Saudi Aramco. Your file now contains all the necessary documents required to do business with Saudi Aramco.

Commercially registered contractors are welcome to submit quotations for any competitively bid projects which they are capable of undertaking and which fall within the scope of their Commercial Registration. Saudi Aramco advertises forthcoming projects in our Internet Web Site Electronic Bulletin Board. Our Web Site address is as follows:

Web site: www.saudiaramco.com

Select : E-business

Select : Contracting

Select: Bulletin Board

A new local contractor who has not yet done work for Saudi Aramco might also start by competing for short form contracts announced by organizations within Saudi Aramco such as Community Services, Operations Services, Exploration and Materials Supply. You are welcome to review these advertisements periodically to determine which projects may be of interest to you.

Please ensure that your company updates its information with Saudi Aramco regularly. Should you require information concerning your file with Saudi Aramco, please contact the Contractor Relations Group, Room 1061, Admin. Bldg., Dhahran, Telephone 873-8626 or 873-8844; Fax no. 873-9494.

Your interest in doing work for Saudi Aramco is appreciated.

Sincerely yours,

S.M. AL-DOSSARY, Manager
Contracting Department

Subject: QUALIFICATION

Dear Supplier,

Based on business needs, we are pleased to report that you have been qualified as vendor of Saudi Basic Industries Corporation (SABIC).

Qualification means that you are eligible to receive requests for quotations and orders for the designated materials and / or services. However, there is no guarantee that you will receive any such requests or orders.

Please indicate your Vendor Number as mentioned above when communicating with SABIC for easy reference.

For any further inquiries/concerns please send it to sc@sabic.com

Thank you for your interest in being a supplier to SABIC.

Best Regards,

Abdullah A. Al-Thukair
